Market Fire 'Controlled,' Says Heath

Acting Chief Plays Rumors, Says Firemen Did the Job Well

Hopelessly hamstrung by a series of mechanical failures, by the efforts of well-meaning but unschooled volunteers and by a myriad number of small but important other factors, the Palm Springs Fire Department indicated today it had Thursday's devastating Desert Farmers Market fire "controlled," even with its serious manpower shortage.

A combination of circumstances was blamed for the chaos and confusion which plagued the department when they arrived at the fire Thursday night — not within the experienced ranks of the department but within the volunteer workers who flooded to the scene.

FIRE MARSHALL Warren Heath, acting fire chief during Chief William Leonzio's vacation, told the Desert Sun today that he thought the fire was handled "very well" both by fire fighters and the Police Department.

"I cannot understand how rumors continue to plague the two city departments," said Heath, "it certainly is not warranted."

"We had immediate protection of fire lines by the police department, good coverage of all areas of possible looting, and well coordinated fire fighting by both the regular firemen and by the volunteers."

HE EXPLAINED that there were a few circumstances which caused some concern — "one in particular was the fire hydrant incident."

"Some people said the coupling did not fit on a fire hydrant, and this is not true. All of our equipment is standardized and does work, but in this case it was a matter of some of the volunteers not knowing how the fire hydrant worked. They hooked up a second hose to it and in trying to get water into the new line, shut off the flow of water that was already being played on the fire."

To charges discussed by the City Council Monday concerning the number of personnel, Heath admitted being short on the shift with only six men on duty.

"We had to leave Capt. Chet Goff at the station to answer calls until we could get a relief for him about 30 minutes later, but by this time we had some 20 firemen on the job."

IN CONNECTION with the reported looting during the fire, Palm Springs Police Chief Gus Kettmann has reported to City Manager Dan Wagner that he could find no cases of looting.

Duane Godfrey, manager of the Mayfair Market where looting was first reported, said that he found "no evidence of looting within the market." Evidence is being sought as to whether thefts did occur.

City Asks Exams Of Food Handlers

Palm Springs City Council Monday asked that the city administration make a full report on the possibility of having all handlers of food in Palm Springs take a mandatory physical examination. The plan is expected to be instituted through the County Health Department, and will probably be paid for by the city in its county health agreement.

A reporter long prominent in journalistic circles, Musel has reported the marriage of Elizabeth and Philip, the death of King George VI, Elizabeth's Accession, the Coronation, the Margaret-Townsend affair and now—the personal story of Margaret herself.

It starts tomorrow in The Desert Sun.

'Unmentionables' Trip Cathedral City Prowler

CATHEDRAL CITY — Tripped up by a pair of women's "unmentionables" and a set of footprints, 22-year-old Charles Pottle today started a 20-day jail term for petty theft, prowling and window peeping.

Pottle, who said he's employed as a tile setter, is also facing burglary charges involving the theft of a television set and a radio from a Cathedral City home.

HE DREW A 20-DAY county jail sentence yesterday after pleading guilty to charges that he took women's lingerie from a Cathedral City clothesline after "peeping" through a rear window of the house.

Sheriff's Deputy Ralph Woodworth said he arrested Pottle near the Joseph Begin home at 885 Broadway, where a prowler had been sighted. The deputy said Pottle dropped a pair of lady's step-ins when he spotted the lawman.

POTTLE WAS RETURNED to the Begin home, where his shoes were matched with a set of footprints in the backyard. The "prowler" had taken several pairs of feminine undergarments from a clothesline there.

Investigation of Pottle's room turned up a cache of assorted women's clothing, including bathing suits. Deputies also found a television set and radio taken from the Frederick Brandt home at 904 C Street.

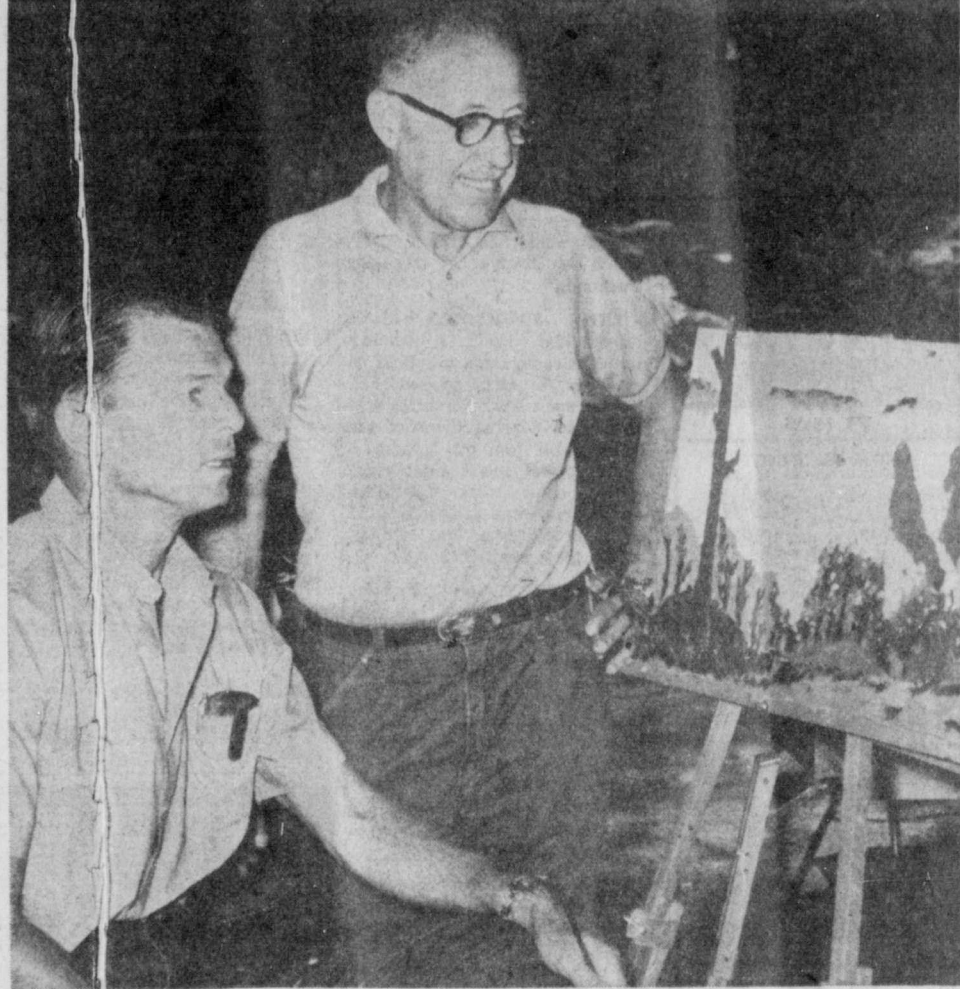

POTTLE, WHO LIVES in a room behind 68-961 Broadway, was sentenced on the petty theft, prowling and window peeping counts by Palm Springs Justice Court Judge Eugene Theriault. He's now awaiting arraignment on a burglary charge.

Sheriff's deputies added that any woman missing a few pairs of unmentionables or bathing suits may call Deputy J. D. Purkiss at the sheriff's Banning substation.

TEEN BEER PARTY MAY HAVE CAUSED ELSINORE BLAZE

ELSINORE — (UPI) — A rowdy teen-age beer party might have been to blame for a 1,600-acre brush fire near Lake Elsinore which claimed the lives of two firemen and threatened some 250 homes, it was learned today.

Investigators said numerous teenagers were drinking beer in the Lower San Juan Camp ground near the lake Saturday.

MITCHELL BACKING IKE'S LABOR BILL

WASHINGTON — (UPI) — Labor Secretary James P. Mitchell today joined President Eisenhower in backing a labor reform bill supported by business groups and conservatives in the House.

Mitchell disclosed his views in a letter to Rep. George M. Wallhauser (R-N.J.) just before the House started its final round of general debate on reform legislation.

THERE WAS A CHANCE the House could reach its first test of voting strength in the heated battle before nightfall.

Griffin bill and a measure drafted by the House Labor Committee, which is supported by Speaker Sam Rayburn. The outcome was in doubt, with both sides agreeing it would be settled by an extremely close vote.

MITCHELL'S LETTER refuted suggestions from some Democrats that he privately disagreed with Eisenhower's stand on the stronger bill. The President praised the measure in a nationwide radio-television broadcast last Thursday night.

Chilean Troops Quell Red Mob

SANTIAGO, Chile — (UPI) — One of the heaviest concentrations of police ever seen in Santiago broke up a Communist-led "march on the U.S. embassy" here Tuesday night.

A crowd of about 2,500 persons, who had been attending a Red-organized meeting on the eve of the opening of the Western Hemisphere foreign ministers' conference here started down Merced Street toward the embassy when the meeting broke up.

City Must Put Water Line to Cruz Siva Home

City Director of Public Works Phil Abrams has told the City Council that the city will have to lay a 8000-foot water line to feed water to the Cruz Siva home in Palm Canyon.

On the heels of the report, however, two other property owners in the same area have asked the city to attempt to get the Palm Springs Water Company to put in a larger line which could also serve them.

The city had planned to install a 3½-inch line to feed water to the home which they moved from on the Tahquitz Drive right-of-way to the other acreage in Section 2.

The city is awaiting a report from the water company on whether they will be able to service the area.

None Hurt in Jet Crash Landing

CHICAGO (UPI) — An American Airlines Boeing 707 jet with 100 persons aboard lost both its front wheels and skidded 7,000 feet while landing at O'Hare International Airport Tuesday.

The 92 passengers and crew of eight were shaken up but no one was injured and few passengers were aware of any emergency.

Ike to Campaign For GOP Nominee

GETTYSBURG (UPI) — President Eisenhower said today he will do all he can "to elect a Republican" to the presidency in 1960.

The Chief Executive said such a nominee should be "dedicated to moderate, sound, middle-of-the-road government."

Nikita Visit No Reason for Intervention

President Wants Government to Keep Hands Off Strike

GETTYSBURG, Pa. — (UPI) — President Eisenhower said today it was shallow thinking to suggest that the government must intervene to force a steel strike settlement before Soviet Premier Nikita Khrushchev visits this country.

The suggestion he might intervene in the deadlocked steel talks was made by the industry magazine Iron Age. It said the idea was to settle the strike before Khrushchev arrives Sept. 15. Eisenhower repudiated the idea at a news conference.

AT THE SAME TIME, he gave top priority for this session of Congress to legislation to permit higher interest rates on federal bonds, labor reform, financing the interstate highway program, and civil rights.

The President discussed the steel strike in terms of the Khrushchev visit after being asked if his attitude toward the role of the federal government had entered its fifth week. His direct reply was that his position had not changed in the slightest. He has made it plain in the past he will maintain a hands-off attitude.

ON HIS ATTITUDE of noninterference in the steel strike, Eisenhower recalled that the basic purpose of the 1935 Wagner Labor Act was to encourage free and untrammelled collective bargaining.

Except for the U. S. Mediation Service, he said, he could think of nothing more objectionable than intrusion of the federal government into collective bargaining unless there is a national emergency.

THE PRESIDENT said he had heard talk that there must be a steel strike settlement before Khrushchev's visit in mid-September even if it had to take direct action on his part.

In rebuttal, he raised these two questions: Do the American people fear having Khrushchev see that free citizens have the right to strike?

GRATEFUL 'NIECE' LEAVES ESTATE TO UNCLE SAM

SAN FRANCISCO (UPI) — Uncle Sam was \$7,997.18 richer today because an adopted niece never forgot how he had taken her into his home.

Mrs. Anna F. Krinsk, of Brisbane, Calif., died in 1957 at the age of 70. She was the widow of a San Francisco municipal railway employee.

The money was sent to the government Tuesday by the U. S. attorney here in accordance with her will which she had hand-written and which read:

"I give all the property of which I possessed to Uncle Sam of America who help me to adopt me. I was so happy to live in America. I gratefully only to Uncle Sam and he will know what to do with my property."

Cabazon Voters Purge Council In Recall Vote

The City of Cabazon was virtually without government today as three city councilmen hit the skids and a fourth teetered on a 10-vote margin following yesterday's recall election.

Cabazon voters expelled Mayor Ian Smith, former mayor L. Dee Tallent and Bill Hager and awaited the return of 10 absentee ballots to seal the fate of Clayton White.

Candidates elected to fill the still-warm council seats were Joseph Belfito, who replaces Hager; James Whigam, succeeding Tallent; Elmer Bane, replacing Smith, and A. A. Diklow, who will take White's place if the absentee ballots eject the incumbent.

As the new councilmen laid plans for election of a new mayor at their first meeting next Tuesday, ex-Mayor Smith remarked: "We were out to get Tallent off the council and he's off — but I never thought it would be a clean sweep."

H. O. Hicks was the only councilman not listed on the recall ballot.

At Central High

Fire Hoses Quell Little Rock Mob

LITTLE ROCK, Ark. (UPI) — Firemen turned high-pressure hoses on a throng of angry segregationist demonstrators at Central High School today and police bloodied the heads of two men trying to break through their lines.

Police cracked another man across the ribs with a night stick. About 1,000 demonstrators marched on Central High School two hours before a lone Negro was scheduled to integrate it.

THREE NEGRO GIRLS integrated Hall High, in the wealthiest area of the city, without a hand being raised against them. The situation there was so quiet that Police Chief Gene Smith ordered away all patrolmen before. But the scene at Central was re-school closed for the day at noon, reminiscent of the bloody battle in 1957 when President Eisenhower ordered in 1,000 paratroopers to keep the peace and protect nine Negroes who integrated the school.

Smith ordered hoses turned on the demonstrators at Central High as a last resort. Part of the crowd fell back but a few stood up to the stinging streams of water.

Twin Bills Net Approval; Go to House

Passage Interpreted As End to Lengthy Battle for Measure

(Special to the Desert Sun) WASHINGTON — The first break in the six-year-long attempt to equalize the Agua Caliente Indian Tribe came today following a recommendation by the House Interior committee.

The committee approved without controversy the Agua Caliente equalization and land lease bills.

THE MEASURES WERE sent to the House floor as approved last week by the Indian Affairs Subcommittee.

Rep. D. S. Saund (D. Calif.), author of the bills, said he was "very hopeful" that they would be approved by both the House and Senate before Congress adjourns.

The subcommittee amended both bills before approving them. It increased to 99 years the term of leases on reservation land. The Saund bill originally had asked for 50-year leases. Present law sets the term at 25 years.

THE SUBCOMMITTEE also approved a compromise on the amount of Mineral Springs acreage that can be omitted from the equalization program. Saund said the subcommittee decided on 5.73 acres.

The Agua Caliente tribe had asked that the entire eight-acre Mineral Springs area near Palm Springs be omitted, and the Interior Department wanted only two acres excluded.

Eileen Miguel, chairman of the Agua Caliente Tribal Council, in explaining the matter on the mineral springs, said that all eight acres has been left in the tribal reserve, but in the event of a per capita payment or the sale of the land, the revenues of the 5.73 acres would not be distributed to the tribe as a whole, but must be used toward the equalization program.

'BEAT GENERATION' YANKED OFF SCREEN OF INDIO THEATER

INDIO—Morality and the movies clashed head-on at Indio's Aladdin Theater this week.

It was a hands-down victory for the forces of morality represented by a group of women who complained about scenes in the film "Beat Generation," a story of the Beatnik breed.

So theater officials halted the screening in mid-performance, it was reported here today. Coincidentally, the same film was played without interruption last week in Palm Springs.

MRS. RICHARD RODGERS

Tunesmith's Spouse Is Top Inventor

NEW YORK — (UPI) — Richard Rodgers invents tunes. His wife just invents.

"With Dick and our daughters writing music, somebody has to listen," said Dorothy Rodgers. But while the attractive wife of the composer listens, she dreams up little things to make life simpler for millions of homemakers.

This amazing woman, part of a amazingly talented family, holds several patents for items on the market or in the works. One of her most famous inventions is a small, disposable gadget for bathroom cleaning (the Johnny mop) which brings her a "nest check once a year" from the firm holding the manufacturing rights.

Families, Incomes Both Rise

By LOUIS CASSELS

WASHINGTON — (UPI) — "Big families — the kind they had in grandmother's day — have come back in style."

"It's the poor families who have the most children."

The next time these venerable chestnuts are passed to you in a conversation, you can smile at the speaker and say, "baloney."

Research by the Population Reference Bureau shows there is no basis for either widely-held belief.

Using census bureau reports as raw material, the Bureau made a comparative study of the size of U.S. families in 1910 (grandmother's day), 1940 (before the war), and 1957 (the last year for which figures are available).

Here's what the study showed: The percentage of American families with five or more children declined from 32.1 per cent in 1910 to 15.3 per cent in 1940 to 13.7 per cent last year.

If you define a big family as one with seven or more children, the decline is even sharper. In 1910, 15.4 per cent of the families were of that size. By 1940, the percentage was down to 6.3, and last year it was only 4.1.

On the other hand, if you're willing to settle for four children as a "big" family, you can say that 1957 is on a par with 1910. The figures are 11.5 per cent and 11.4 per cent respectively.

The really big jump since World War II has been in families with two and three children. In 1940, 35.8 per cent of America's families were in that category. Now nearly half of them—46.6 per cent—are that size.

There has been a corresponding decrease in the number of families with one child or none. In 1940, one-child households constituted 20.5 per cent of the total. Last year, 15.8 per cent. The percentage of childless marriages dropped from 20 per cent to 12 per cent over the same period.

As for the notion that poor families tend to beget more offspring than the well-to-do, this no longer is true.

Save Time

NEW YORK — (UPI) — Puddings, pies and brownies can bake right along with the main course of an all-in-one oven meal. But don't bake delicate cakes with other food, for such cakes are sensitive to the steam given off by several foods cooking at once.

A FAREWELL PART WAS GIVEN for Jeanne Aherns by her fellow workers at Holiday Realty in the Howard Manor last week, and she thinks she was a pretty lucky woman: "How can one girl be so lucky—eight dates all for me." Supermart Pie Sales Skyrocketing

UNIVERSITY PARK, Pa. — (UPI) — Either American families are eating more pies or modern day moms aren't spending as much time sewing in front of a baking oven.

A five-year study by the Agricultural Experiment Station finds that the use of commercially prepared pie is increasing.

The study indicates that two of every three city families now buy commercial prepared pie at some time during the year.

Other findings:

- Half of the pies purchased are cherry or apple.
- High income families buy more pies than low income families.

FAMILY GROWS AT RECORD RATE, FIVE AT AGE 20

PITTSBURGH, Pa. — (UPI) — Mrs. Joseph Walker, 20, is getting used to the question, "How does it feel to be so young and have children?"

Her answer: "I don't know yet."

Mrs. Walker recently brought home a new set of twins, Donna and David. They joined the other three Walker children, Karen, 3; Janet, 2; Kurt, 1.

Mrs. Walker, whose husband is an assistant carpenter, was married at 16.

DEATH IS NEAR TODAY for 116-year-old Walter "Old Red" Williams, last survivor of the Civil War. Williams, shown here celebrating his birthday with daughter Mrs. Willie Mae Bowles at her home, is "sinking fast" and must be fed through an eyetube, according to physicians. Dr. Russell Wolfe said this end "is only a matter of days away" for the man who served with Gen. John B. Hood's Confederate Brigade during the Civil War and recently won his most recent battle—with pneumonia. (Central Press Photo)

Under the Cabin

Banker Tip-Toes With Rattlesnake

By PETER J. HAYES
SONOMA, Calif. — (UPI) — Lloyd Morain hopes the natural antipathy that a king snake harbors for a rattler will clear up a "dam embarrassing situation" at his mountain retreat near here. Morain is a San Francisco business advisor and occasional world traveler. He and his wife took a trip to Africa some time ago and invited friends to use their summer home on weekends while they were gone.

ONE DAY THE friends saw a three-foot rattlesnake wriggle under the house. And Morain noted on his return that the customary heavy mouse population had dwindled to nothing. These two factors added up to a disquieting conclusion for Morain — a rattler had taken up residence in his summer home. "It was a dam embarrassing situation," Morain said. "We like to have guests in for a barbecue and some people are a little squeamish if they think there's a rattler around."

MORAIN TOOK STEPS to evict his unwelcome tenant. He placed an ad in the classified section of the Sonoma Index-Tribune reading: "Wanted — large king snake for interesting task. Price to be negotiated."

Morain explained that the king snake is the natural enemy of the rattler. It will kill the rattler by wrapping its coils around it and strangling it. Then it swallows the rattler. The king is immune to the rattler's poisonous bite.

MRS. TED V. KIRKLEY of nearby Glen Ellen responded to Morain's ad. It so happened, she said, that her son, Dick, had a king snake.

A few days later Morain stopped by to see young Kirkley who, at the age of 13, is something of a reptile expert. He owned three king snakes, five gopher snakes, one striped racer, one baby boa constrictor (that might reach 13 feet on maturity he said), 12 garter snakes, a speckled cayman alligator and a few salamanders. Morain and the boy soon agreed on a price of \$6 for a 46-inch king snake, figuring \$1.50 a foot.

THE BUSINESSMAN took his purchase home in a shoe box and released it down a rat hole in the kitchen floor. Morain himself isn't bothered

by snakes, except at night. Some years ago, he said, he saw a rattler looking through a hole in the floor at him. He killed it with a shovel.

But whether the king snake he sent in under the house carried out his assignment is still unknown.

"I'M CERTAINLY not going to crawl under the house to investigate if it's to narrow anyway," he said with a grin.

"But I do know that some snake is still under there. There's no sign of mice around here. But we can't tell whether it's the rattler or the king snake."

Meanwhile, until he can get some positive proof, Morain treads lightly. He also keeps a long stick handy, just in case it develops that the rattler escaped his executioner and decides to join a Morain barbecue some evening.

False. If your ordinary letter is lost, get in touch with your local postmaster. He will complete a Form 1510, inquiry form. This form will then be sent to the addressee. If the addressee denies receiving the letter, the form is then sent to the postal inspection service for their consideration. In the event the letter is found it is returned to you. Among other things, reporting lost letters helps the postal service to maintain efficiency and to eliminate depredations to mail matter.

3-Why do people collect stamps? Hobby. Profit. Both. Many persons collect stamps because it is an interesting and challenging pastime. One of the best features of stamp collecting is that the stamps are always worth their face value for postage. Normally, stamps increase in value as they become older. An interesting booklet entitled Postage Stamps of the United States 1847-1957 may be obtained from the Superintendent of Documents, Government Printing Office, Washington 25, D. C., (price \$1 per copy).

3-There is a difference in post cards and postal cards? True. Post cards are the type you buy at your local drug store with cartoons and pictures on them. Postal cards are the type printed by the Government with the postage pre-stamped on them. To be mailed at the post card rate of 3 cents (ordinary first class) or 5 cents (air mail), cards must not be smaller than 3 1/2 by 4 inches, and not larger than 3 9/16 by 5 9/16 inches. For answers to other questions about the postal service call FA 4-1608.

Alcoholism
JOHANNESBURG (UPI) — At least one person out of every 30 men, women and children in the South African European population is an alcoholic, according to an estimate by officials at "Northlea," a treatment center for alcoholics located just outside Johannesburg.

Diminishing Return
There's such a thing as making too much money. Take the case of John O. Ekblom.

He was named chairman of the board of the Hupp Corp. of Cleveland, Ohio, and the board promptly set his salary at \$20,400 and offered him a "bonus" of \$110,000. Ekblom turned down the bonus saying, "The total of \$132,000 far exceeds my needs and my appetite."

CHP Warns Motorists to Use Car Ash Trays

Motorists who toss lighted cigarettes, cigars or matches out of their automobiles will be cited if observed by members of the California Highway Patrol, Commissioner Bradford M. Crittenden declared today.

Crittenden urged all motorists to cooperate by always using their ash trays, but added that patrolmen will rigidly enforce the law that prohibits throwing of any road or highway outside of a business or residential district.

"We already have had several disastrous forest fires this season and the State Division of Forestry warns that this is the most critical year we have had in a long time," the commissioner continued. "A match or a cigarette tossed from a car can touch off a blaze that could burn hundreds of acres of timber, destroy thousands of dollars worth of private property, and cause loss of human life."

"Our enforcement activity will not, however, be confined to mountain and forest areas. The law applies anywhere in California, and if we can educate the public not to throw lighted material from their cars anywhere they will be less likely to break the law in an area where great damage can be done."

'MARTY' BORGNI NE SAYS HE AND KATY JURADO 'CAN WAIT'

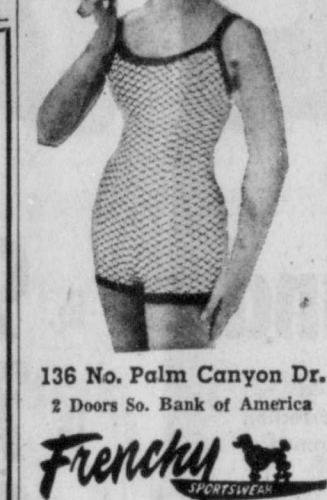

SANTA MONICA (UPI) — The tangled marital affairs of Ernest "Marty" Borgnine and his estranged wife, Rhoda, will not be straightened out until Aug. 14.

Superior Judge Edward Brand Friday continued a hearing on the case until then and gave Mrs. Borgnine's attorney until next Tuesday to file papers supporting her charges she was fraudulently induced to obtain a divorce.

The actor yesterday emphatically denied that he and Mexican Actress Katy Jurado ever intended to marry next week instead of in September. "I am well aware, as is Miss Jurado, that my divorce under no circumstances could become final until Aug. 29," said Borgnine.

But Hoffa 'Elusive'

Quiz Keeping Labor 'Honest'

This second of several dispatches on the work of the Senate Rackets Committee. It tells how the committee's disclosures topped many union leaders from power.—Editor

By WILLIAM J. EATON
WASHINGTON UPD.—The Senate Rackets Committee's findings have led to the downfall of at least a dozen national union leaders in the past 2½ years.

Dave Beck, ex-president of the Teamsters, was the best-known victim of the committee's inquiry into labor-management misdeeds.

BUT MANY OTHERS were ousted in the wake of the Senate investigation that sent a shock wave through the American labor movement and touched off bipartisan demands for union reform legislation.

As a direct result, the AFL-CIO ousted out the Teamsters on charges of racketeer-domination and ejected the Bakery & Confectionery Workers and the Laundry Workers unions on the same counts.

TOP OFFICIALS of the United Textile Workers, Jewelry Workers, Operating Engineers, Distillery Workers and Allied Industrial Workers were toppled in a housecleaning campaign by the AFL-CIO Ethical Practices Committee.

The Rackets Committee failed to "get" Teamsters President James R. Hoffa but may have laid the groundwork for his eventual removal by court-appointed monitors on the basis of testimony it received.

Beck, who was being pushed out of his top post by Hoffa anyway, decided against running for reelection after being accused of "taking" hundreds of thousands

of dollars of Teamster money. He has later convicted of income tax evasion and pocketing the funds from sale of a union-owned Cadillac.

THE RACKETS Committee acted as godfather of one new union—the American Bakery & Confectionery Workers (AFL-CIO). This organization was formed when the old bakers' union refused to oust President James G. Cross after he was charged with misuse of union funds. As a result, the Cross-led group was bounced from the AFL-CIO.

These other union leaders left office—some pleading ill-health—after corruption charges were leveled at them:

—United Textile Workers President Anthony Valente and Secretary-Treasurer Loyd Klenert.

—Operating Engineers' President William E. Maloney.

—DISTILLERY WORKERS' President Joseph O'Neill.

—Allied Industrial Workers Secretary-Treasurer Anthony Doria.

—Jewelry Workers' President Joseph Morris and Secretary-Treasurer Hyman Powell.

—Meat Cutters Vice President Max Block.

—Bakers Vice President George Stuart.

—Operating Engineers' Vice President Victor Swanson.

Moore Choice Over Durelle In Title Bout

'Old Man' Archie
3-1 Pick; Fight
Due for Channel 7

MONTREAL — (UPI) — Archie Moore, the ring's all-time "knock-out king" and probably all-time oldest champion, defends his light heavyweight crown tonight in a return fight with Canadian Yvon Durelle, whose wild, booming hooks nearly lifted the golden lid in December.

Despite his electrifying December escape, Archie is favored at 3-1 to beat the brawny, dark-haired fisherman in his eighth defense of the 175-pound title. It's also a 3-1 bet that the bout at the Montreal Forum does not last its scheduled 15 rounds — regardless of who wins.

EACH WAS ON the floor four times in that Dec. 10 donnybrook before Moore finally knocked out the challenger from Baie Ste.

HERE'S VITAL DATA ON TITLE BATTLE IN GARDEN TONIGHT

MONTREAL — (UPI) — Here are the facts and figures on tonight's Archie Moore-Yvon Durelle light heavyweight title fight:

Principals — Champion Archie Moore, San Diego, Calif., vs Yvon Durelle, Baie Ste. Anne, N.B.

Title at Stake — Moore's world light heavyweight 175-pound championship.

Place — Montreal Forum.

Time — 10 p.m. e.d.t.

Betting — Moore favored at 3-1.

Expected crowd — 12,000.

Expected gate — \$175,000.

Television fee — \$125,000.

Televised — To homes throughout the United States by ABC, locally on Channel 7.

Fighters' purses — Moore gets guarantee of \$175,000 against 40 per cent of gate and TV money; Durelle gets guarantee of \$15,000 against 20 per cent of gate and TV.

Anne, N.B., in the 11th round. That was the "fight of the year," last year and 12,000 are expected to pay about \$175,000 to see the 1959 version.

MOORE, RANGING in age-estimate from 42 to 45, says he'll "play it cagey" in the early rounds of his twice-postponed match tonight and try to weaken Yvon with body blows before risking the Frenchman's dynamite again in exchanges while the challenger is fresh.

But Durelle, 29, says: "I'll shoot the works in the early rounds — with two good hands this time. And when I hurt him tonight, I'll finish him in a hurry. Trainer Charley Goldman has improved my left hook into a very solid punch — so I'll have a knockout in either hand this time — instead of just in the right."

Yankees Swarm Over Boston, 8-5, In Sixth Straight

United Press International
Is the panic on?
Can the Yankees do it?
Maybe that sounds like those sign-off teasers they use in soap operas but the fact is that some of those American League contenders are going to keep tuned in closely to learn how the Yankees wind up.

THE CERTAINLY sounded like a happy, pennant-bound crew on the train that brought them back from Boston Tuesday night where they had just reeled off their sixth straight victory by beating the Red Sox, 8-5.

Some of the Yankee players even were talking about the "anniversary" commemorating the start of the Giants' 1951 miracle pennant drive.

IT WAS JUST EIGHT years ago today that the Giants, 13 games back, began a 16-game winning streak and subsequently won the pennant in a playoff with the Dodgers.

"Who knows?" said Yogi Berra. "Maybe we can do it, too."
The Yankees cut the margin between themselves and the first-place White Sox to 10 games when they scored six runs in the fifth inning to beat Boston Tuesday.

THE TIGERS routed the White Sox, 8-1, and the Athletics ended a seven-game losing streak by defeating the Indians, 7-3, in the only other scheduled AL games.

The "Willies" did it again for the Giants, who widened their National League lead to three games with a 5-4 victory over the Cardinals in 10 innings. The Cubs beat the second-place Dodgers, 5-4, in 10 innings; the Braves split a two-night twin-bill with the Reds, losing the opener, 4-3, but winning the nightcap, 7-3, and the Phillies topped the Pirates, 6-4.

An all-out welcome for the Los Angeles Dodgers Rookie baseball team — which will meet the semi-pro Coachella Valley Savings and Loan team in Palm Springs Friday — has been readied by sponsors of the game.

The team will arrive in Palm Springs by bus tomorrow afternoon, and will be billeted at the La Fonda Hotel.

Manager of the Los Angeles Rookie Team is Kenny Meyers and the coach is Carl Erskine, former pitcher for the Los Angeles Dodgers, who recently announced is voluntary retirement from major league baseball.

The game, which will start at 8 p.m., will be played at the Palm Springs Polo Grounds field. Admission is 75 cents for adults and children up to high school will be admitted free.

This will mark the second time the Los Angeles Dodgers team has appeared in Palm Springs. Last year more than 400 paid admissions were tallied at the game.

Portland Hikes Lead With 10-5 Win Over Solons

United Press International
Who said interest in minor league baseball is dying?

Up Portland way, the whole town seems to be gripped by a pennant fever as hot as the one that has hit San Francisco.

They set a Pacific Coast League attendance record Tuesday night when 24,109 jammed their way into Multanomah Stadium to cheer the league-leading Beavers to a 10-5 win over the Sacramento Solons.

The turnout shattered a mark that dates almost as far back as the last Portland pennant. That was set in 1946 when 23,603 showed up for a game in San Francisco. The Beavers won their last flat in 1945.

Portland upped its PCL lead to two games with its win over the nose-diving Solons. Other action saw red-hot Seattle shutout Phoenix twice, 3-0 and 5-0. Salt Lake outslugged Spokane, 10-8 and San Diego edged Vancouver, 5-3.
